## TESTIMONIALS

### Packard & Mercedes-Benz:

*"Esval Packard ... I can make this short by saying this is the best 1/43 scale model I've seen at anything near this price. ... The shape and details match all the photos I could find - this is the factory-cataloged 7-passenger limo."*

- Wayne E. Moyer, Critic,  
Diecast Zone Forum 43

*"It is a truly gorgeous model of a very historic car, the first production Diesel. While Sommerville, Ixo, and Altaya have all done this car, this outshines them all."*

- Dick Browne, Collector, Moderator,  
Diecast Zone Forum 43

*"Esval Packard - stunning."*

- Scott Brown, Collector

*"Magnificent model."*

- Mark Lampariello, Collector

*"The 1941 Packard Limousine ... is a brilliant execution of the model-making art! An absolutely outstanding inaugural model."*

- Joe King, Collector
